

Company Capability Statement

Mother Earth Gardens · full-service landscape contractor & nursery since 2009

Mother Earth Gardens (MEG) is a vertically integrated landscape company in the Philippines. We design, grow, install, and maintain landscapes as one team — backed by our own 32-hectare nursery. That structure removes the supply-chain gaps and trade handoffs that cause most landscape-package delays and disputes.

At a glance

- Founded 2009 · full-service landscape contractor and nursery
- 250+ projects delivered across Metro Manila, Cavite, Laguna, Batangas, Bulacan, Pampanga and beyond
- 10,000+ trees supplied · own 32-hectare nursery in Calauan, Laguna + HQ nursery in Silang, Cavite
- In-house Licensed Landscape Architect; in-house irrigation engineer and licensed master plumber
- Stock reserved on signing · mobilisation typically within about one week of Notice to Proceed
- Plant replacement warranty (typically ~6 months) · maintenance corrective-response window typically ~72 hours
- PCAB accreditation renewal in process — ask for current status and category before award

Services

- Landscape Design & Master Planning
- Softscape Installation
- Hardscape Installation
- Irrigation Systems (LEED-aligned)
- Landscape Maintenance
- Plant Supply & Nursery Services
- Nursery Consulting

Selected clients & relationships

Long-standing supply and landscape relationships with major developers including Greenfield Development Corporation and Makati Development Corporation (15+ years each), plus corporate, institutional and estate work for clients such as Ayala Land / APMC, Arthaland, and De La Salle University's LEED-aligned Laguna campus. Our largest single-site contract is a global manufacturing campus at FPIP, Batangas. Much of our residential work comes through referral alone.

Capacity & assurance

Two large plus several small projects concurrently. Full submittal and documentation capability (method statements, JHAs, QA/QC, safety programs, construction schedules) as standard. Design, own-grown plant supply, installation, and maintenance delivered under one accountable team.

How to engage us

Send plans, a scope brief, or an unpriced BOQ to inquiry@meglandscaping.com and we'll respond with a budgetary estimate, a formal BOQ, or a full bid submission depending on where your procurement stands.
